INTRODUCTORY

N presenting this catalog to the public we feel that we herein catalog as good a lot of Shorthorns as ever were sold at auction. Every one is a good one; all are young and sound in every way. The breeding can scarcely be equalled; only the most coveted specimens have found a home at either Maxwalton or Pine Grove. The record of the Maxwalton herd has no equal as a producer of high classed show animals and the Pine Grove herd has spared no end of expense in maintaining itself in the front rank in Canada and although the show end of the business has never been gone after yet, the herd has produced many winners. For several years both the proprietors of the Pine Grove and Maxwalton herds have been fighting tuberculosis and there is no secret in the reason why we can give a gilt edge guarantee that every lot catalogued is free from the disease and will pass the tuberculin test anywhere. They have simply been raised that way and although we have been selling under guarantee for several years we never had a complaint—which puts us in position to say we consider the test absolutely reliable.

The Maxwalton aim has been to breed cattle for beef, milk and early maturity, and we have found that these qualities go hand in hand; without one we cannot get the other with profit, and without exception our best winning calves have been from our best milking dams.

The Maxwalton aggregate winnings in prizes in the great shows of the last seven years were much larger than those of any other exhibitor and our herd now numbers about 250 registered cattle.

The Maxwalton Dairy cows won first at the American Royal and second and third at the International of 1908, and third on cow and first and third on heifer at the International of 1909, and second on cow and first on heifer in 1910, third on heifer in 1911, fourth on cow and first on heifer in 1912 and fifth on cow in 1913.

We extend a cordial invitation to all interested in good cattle to attend this sale and feel sure that those who come will not be disappointed.

GUARANTEE—All animals of breeding age are bred and those having passed over six weeks are guaranteed breeders. No unsound animals will be sold.

Certified certificate of pedigree will be furnished with each lot sold.

All stock will be loaded free and with care but will be at buyer's risk as soon as bid off.

Terms cash or a credit of six months at six per cent. on bankable paper.

Very respectfully,

CARPENTER & ROSS.

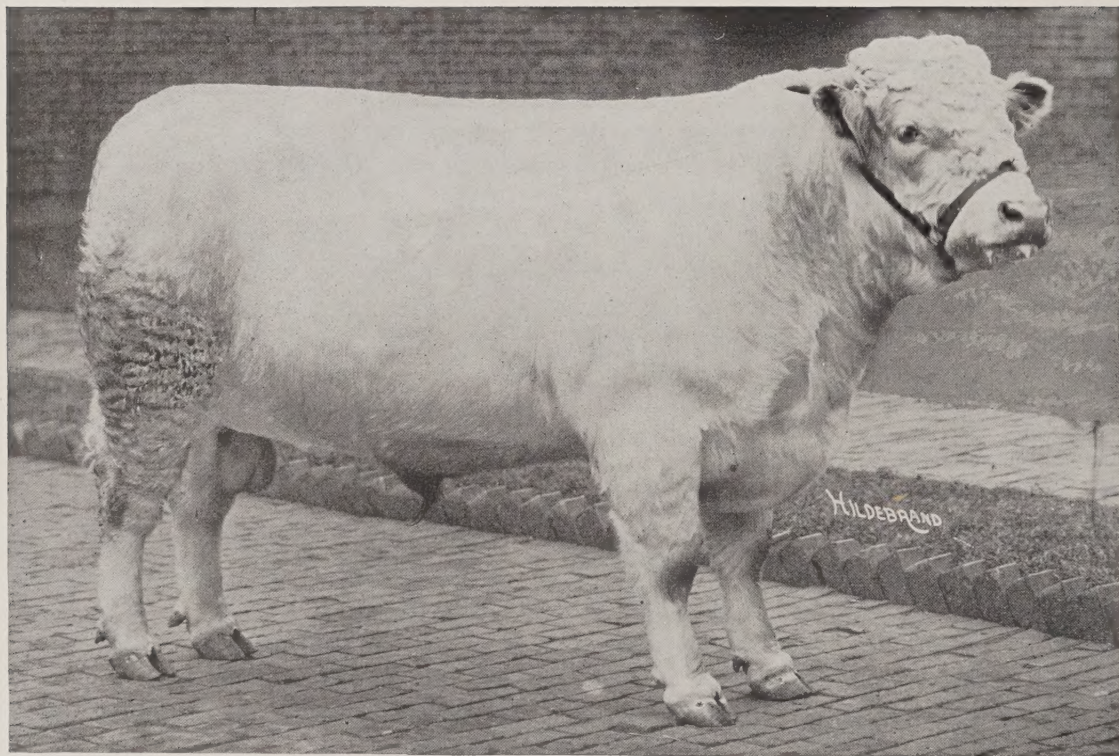

AVONDALE 245144

AVONDALE 245144

Avondale 245144, was of the Bruce Averne family. His dam was an undefeated show heifer in the hands of C. H. Jolleff, Stratford on Avon, England. He was sired by Whitehall Sultan that did so much to revolutionize the breed in America.

Avondale commenced his show record as a calf winning as high as Grand Champion at some of the State Fairs. He made the show circuit for six years and met and defeated all the great bulls of his time and although he never had been conditioned, especially for the Show-ring, he made a record unequalled in the history of the breed. His get came in evidence in the Shows as calves in 1908. The calf herd sired by him was undefeated at all the leading fairs that year and were only defeated in the Get of Sire class by the get of his sire, Whitehall Sultan, and since then his get have reigned supreme in all the leading shows of North America.

The extra illustrations in this catalog are only a few of the noted winners he has sired. He was also a sire of great milkers; heifers sired by him have won first three times in the Dairy Class at the International, besides several seconds and thirds. His dam was also an exceptionally good milker, having produced 43 pounds per day when a heifer. His sons are also making good as sires, the get of Double Dale having stood next the get of Avondale twice at the International.

MAXWALTON RENOWN

MAXWALTON RENOWN 367543

Maxwalton Renown 367543 is being used to follow Avondale, which makes it necessary to sell these half sisters to him. He is sired by Avondale and from the Willis bred cow Lavender Bloom, she by the noted Bruce bred bull Silver Plate, of the Rosewood family, that did so much winning in England.

Maxwalton Renown was shown as a calf at the Ohio, Indiana, Kentucky, Tennessee and Illinois state fairs, and Chicago and Denver and never met defeat and has completed a similiar circuit of shows as a yearling and was always first and often champion, and again as a two year old he was too much for his opponents.

He is of the low, thick sort with a capital covering of flesh. His dam was also a very good milker and is still in the herd in her fifteenth year.

His calves are very uniform and good enough that we have no hesitation in saying that we intend that he shall duplicate the record of his sire, and say to our friends that the place of Avondale is amply filled.

MAXWALTON REVOLUTION 388359

Is said by several to be the best bull ever produced at Maxwalton. He was a noted winner as a calf and yearling and is developing smooth with beautiful character. He is in our opinion the most desirable Shorthorn bull in existence.

COME-IN-TIME has been a winner wherever shown including 4th. prize at International 1913. He is a low set, thick, massive bull of the nugget type, weighing 2100 at just three years old. He has never been used extensively, but a number of the best calves in the herd at the present time are to his credit, everyone a dark roan and a good one and were it not that we have several other bulls we would not consider parting with him.

"THE CALLANT" bred by Carpenter & Ross, dam "Imp. Rosewood Pride." Sire, 'Avondale' 245144. He was a show bull of unusual merit as well as a great sire.

DALE'S HEIR is a massive chunk and represents a combination of the best blood ever used. His dam was a winner as a yearling, calf, and two-year-old, rarely meeting a defeat. She is sister to Maxwalton Revolution, now retained for service in the herd. This is an outstanding good calf and we predict him a great sire.

See notes to Maxwalton Renown elsewhere in this catalog.

See notes to Avondale elsewhere in this catalog.

IMP. ROAN ROSEBUD 12TH was Grand Champion at the Royal Northern show in Scotland as a yearling. She was added to the Maxwalton herd at a cost of nearly two thousand dollars.

THE MISSIE FAMILY, on account of having produced more high-classed Shorthorns during the past twenty years than any other, is conceded by many to be the most valuable family in existance. The family was practically built up by the Messrs. Marr, Senior and Junior, they having purchased the cow Countess by Pacha (7612) from Capt. Barclay about the year 1860. Eighteen members of the family, old and young, sold at the dispersion of the Uppermill herd for an average of \$830 each.

The sires in this pedigree are too well known to need any comment from Avondale 245144 to Abbott 2899 each of the bulls was the most popular of his time and headed the best herds in existence.

MAXWALTON MONOGRAM is a beautiful Cherry Red his dam Missie 145th. is also dam of Maxwalton Missie 2d, Grand Champion at International 1913 and several other animals of note.

NOTE: This calf has one testicle larger than the other.

LADY AVONDA is a beautiful dark roan. She would have made a great show heifer but we had refrained from fitting her as we had expected to keep her in the herd for a brood cow and it is only to stimulate the interest in the sale that we are offering her. She is full sister to Count Avon, the Grand Champion at the International, 1912, also to Count Avondale, sold to H. W. Emery, of Iowa, as a calf, for \$2,000.00.

COUNT LAVENDER 132575, Bred at Collynie, gained for Deane Willis fifty-three prizes and championships at all the leading shows of England, and proved one of the leading sires. He is a Cruickshank Lavender by the Sittyton Nonpareil bull Norseman (56233) out of Sweet Lavender, by Earl of March (33807).

WILLIAM OF ORANGE 95736, by Roan Gauntlet (35284) (one of the best getters ever used at Sittyton); dam Orange Blossom 21st by Cæsar Augustus (25704). This great Cruickshank bull was bought at Sittyton as a calf in 1883, and was retained in service at Uppermill till 12 years old. His record as a sire is a source of pride to all who are interested in the fortunes of Aberdeenshire cattle. Among the list may be mentioned Gay Monarch and Master of the Mint (both imported.) Mountaineer and Missie 118th, dam of the great English Champion Marengo. His daughters have proved mines of wealth to the proprietors of Uppermill.

The BELLONA family has been producing some of the most successful show and breeding Shorthorns during the past ten years. Bellona herself was a particularly good cow and nothing but good sires have been used since she was sold by Mr. Cruickshank to Mr. Smith.

KNUCKLE DUSTER (72793) 28868 was a Bruce Augusta, he was used in Scotland before importation and left many valuable animals there as he did in Canada since his importation. His sire was Waverley (68072) and he was the sire of Silver Plate (75633) Jemidar (70671) and many noted sires mentioned in this catalogue. Knuckle Duster's dam was Augusta 42nd by Capa-pie (58591) and his G. dam was Augusta 9th by Cetewayo (49244).

GOLDEN RAY (67132) was bred by Mr. Duthie from the beautiful Sittyton cow Guelder Rose, by Pride of the Isles (35072) Golden Ray's sire being Scottish Archer (59893). He was a good sire as might be expected from his breeding, which was as good as Sittyton could produce.

Bred March 12, 1915, to Royal Butterfly 87709.

Field Marshall (47870) that did so much good in the herd of Mr. Duthie and Athabasca (47359) that did so much for Mr. Marr's herd, were both sons of Azalea whose name appears in above pedigree.

MISSIE CHAMPION 48278 is one of the stock bulls at the head of the Pine Grove Herd. He was sired by Village Champion (82538) that won distinction in the show rings throughout Canada as a show bull and sire, and his dam was the world renowned Missie 153rd.

SITTYTON CHAMPION (80009) was sired by Scottish Champion (75598) and from the Cruickshank Crocus cow, Sittyton Crocus 5th. by Scottish Archer (59893).

BAPTON MANDOLIN was imported from the herd of Mr. J. D. Willis for use in the Pine Grove herd and has proved a fine breeder. His sire Brave Boy is a son of Brave Archer and his dam Melody by Merry Mason is one of Mr. Willis' best cows.

Mr. Marr's EMMAS have been highly appreciated in America since the famous Potts' Emmas made such a good impression in the American show-ring. They were of that thick low heavy stamp that has helped the Aberdeenshire Short-horns to forge to the front and to be recognized as money-makers wherever found. Emma 37th has been a lucky cow and her calves have been uniformly good.
